Release of Information: Your Protected Health Information (PHI) will be used by this office and/or disclosed to others for the purposes of treatment, obtaining payment, or supporting the day-to-day health care operations of this office. You should review the Notice of Privacy Practices for a more complete description of how your PHI may be used or disclosed. ## **Informed Consent for Treatment**

I hereby request and consent to the performance of chiropractic procedures, various forms of physio-therapy, physical examination, x-ray studies, and/or any clinical services that are deemed necessary in my case to be administered by the doctor and/or any support staff employed or contracted by this office or clinic. I understand that, as with any health care procedure, complications are possible following chiropractic manipulation and/or manual therapy techniques. The risks of complications due to chiropractic treatments have been labeled as "rare" and include, but are not limited to, muscle spasms, aggravating and/or temporary increase in symptoms, lack of improvement of symptoms, fracture, disc injury, stroke, dislocations and sprains.

I understand that Chiropractic adjustments and supportive treatment is designed to reduce and/or correct subluxations, allowing the body to return to improved health. It can also be used to alleviate other symptoms through a conservative approach with hopes to avoid more invasive procedures. I further understand that, as with all healthcare treatments, results are not guaranteed and there is no promise to cure. I hereby acknowledge that if I do not keep appointments as recommended to me by my treating doctor, he/she has the right to terminate responsibility for my care and relinquish any disability granted me within a reasonable period of time. I further understand that there are other treatment options available for my condition, and that I have the right to a second opinion should I have concerns as to the nature of my symptoms and/or treatment options. If during the course of my care my insurance company requires me to take an examination from any other doctor, I will notify this facility/physician immediately. I understand that failure to do so may jeopardize my case.

I, \_\_\_ (print) have read the above consent and I have had an opportunity to ask questions regarding its content. By signing below, I agree to the above-named procedures and intend this consent to cover my entire course of treatment for my present condition and for any future condition(s) for which I seek treatment with this office.
